Assistant Commissioner for Patents
Washington, D. C. 20231

Sir:

In response to the action of the Patent and Trademark Office dated June 19, 1995, please amend the above-identified application as follows.

In the specification:

✓ Page 8, line 23, after "first", insert --to conduct--.

In the claims:

✓ Add Claims 2-10, inclusive.

^{1.}
~~--2.~~ An integrated overdrive circuit formed on a single semiconductor chip comprising:

a first current source for supplying a first current;

C1
a first circuit connected to said first current source and operating said first current source for a predetermined time period to provide the first current as an overdrive current for driving a switching element;

a second current source for supplying a second current smaller in magnitude than the first current; and
